Hill International to Manage Construction of Key Infrastructure Projects for the City of Columbus Division of Water Capital Improvement Program

October 9, 2018

PHILADELPHIA and COLUMBUS, Ohio, Oct. 09, 2018 (GLOBE NEWSWIRE) -- Hill International, the global leader in managing construction risk, announced it received a contract to provide construction management services in support of a Capital Improvement Program for the City of Columbus' Department of Public Utilities, Division of Water.

The Division expects the Program to include more than 25 projects totaling more than \$130 million. These projects could include water treatment plant upgrades, reservoir repairs and improvements, hydroelectric dam improvements, well pump replacements, security improvements, and miscellaneous facilities modifications, including HVAC, roof, and security upgrades.

Said Vic Spinabelli, PE, LEED AP, Senior Vice President and Mid-Atlantic Regional Manager, "Hill is providing the City of Columbus with top-notch construction project managers and field project representatives with significant field experience to best serve the diverse needs of this client's program, as well as help anticipate and prevent issues throughout the program."

Hill International, with approximately 2,800 professionals in more than 50 offices worldwide, provides program management, project management, construction management, and other consulting services to clients in a variety of market sectors. Engineering News-Record magazine recently ranked Hill as the eighth-largest construction management firm in the United States. Forward Looking Statements

Certain statements contained herein may be considered "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, and it is our intent that any such statements be protected by the safe harbor created thereby. Except for historical information, the matters set forth herein including, but not limited to, any statements of belief or intent, any statements concerning our plans, strategies and objectives for future operations; and any statements regarding our intent to file late periodic reports or relisting on a national securities exchange, are forward-looking statements. These forward-looking statements are based on our current expectations, estimates and assumptions and are subject to certain risks and uncertainties. Although we believe that the expectations, estimates and assumptions reflected in our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause our actual results to differ materially from estimates or projections contained in our forward-looking statements are set forth in the Risk Factors section and elsewhere in the reports we have filed with the Securities and Exchange Commission, including that unfavorable global economic conditions may adversely impact our business, our backlog may not be fully realized as revenue, our expenses may be higher than anticipated, and the review of the Company's accounting, accounting policies and internal control over financial reporting, and the preparation of and the audit or review, as applicable, of filings may take longer than currently anticipated or additional restatement adjustments may be identified. We do not intend, and undertake no obligation, to update any forward-looking statement.
