Hill International Selected for PMCM Services for Expansion of Hamad International Airport

May 14, 2019

PHILADELPHIA and DOHA, Qatar, May 14, 2019 (GLOBE NEWSWIRE) -- Hill International (NYSE:HIL), the global leader in managing construction risk, announced today it was selected to provide project management and construction management services for the expansion of Hamad International Airport (HIA) in the State of Qatar.

The project features the expansion of the existing passenger terminal complex, additional e-gates, a remote transfer baggage facility, new duty free and passenger amenity areas, new lounges and lounge and hotel fit-out, additional taxiways, stands and aprons, new and expanded fuel farms, support facilities, and associated infrastructure. According to the Hamad International Airport Expansion Project Steering Committee, HIA's project will increase the capacity of the airport to more than 53 million passengers annually.

Positioned at the edge of the Arabian Gulf, HIA includes two runways, a state-of-the-art air traffic control tower, maintenance hangars, a cargo terminal, a catering facility, an Emiri Terminal, and a passenger terminal with over 40,000 SM of combined retail, food, and beverage facilities, among other amenities and support. It recently ranked as the fourth best airport in the world and 'Best Airport in the Middle East' for the fifth year in a row at the SKYTRAX World Airport Awards. The expansion supports the growth and success of the national carrier, Qatar Airways, and Hamad Airport, as well as Qatar's hosting of the FIFA World Cup in 2022.

"Hill International has long been a go-to firm for providing Project and Construction Management services for major projects in the aviation sector, as this project award reaffirms," said Hill's Abdo Kardous, PE, Regional President, Middle East. "As Hamad International Airport continues ascending in international importance, we look forward to providing the expertise and responsiveness needed to meet our client's requirements."

About Hill International

Hill International, with approximately 2,700 professionals in more than 50 offices worldwide, provides program management, project management, construction management, and other consulting services to clients in a variety of market sectors. *Engineering News-Record* magazine recently ranked Hill as the eighth-largest construction management firm in the United States. Forward Looking Statements

Certain statements contained herein may be considered "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, and it is our intent that any such statements be protected by the safe harbor created thereby. Except for historical information, the matters set forth herein including, but not limited to, any statements of belief or intent, any statements concerning our plans, strategies, and objectives for future operations are forward-looking statements. These forward-looking statements are based on our current expectations, estimates and assumptions and are subject to certain risks and uncertainties. Although we believe that the expectations, estimates, and assumptions reflected in our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Important factors that could cause our actual results to differ materially from estimates or projections contained in our forward-looking statements are set forth in the Risk Factors section and elsewhere in the reports we have filed with the Securities and Exchange Commission, including that unfavorable global economic conditions may adversely impact our business, our backlog may not be fully realized as revenue, and our expenses may be higher than anticipated. We do not intend, and undertake no obligation, to update any forward-looking statement.
